## EXPERIENCE

---

**Radancy Europe** | Vienna, Austria

Sep 2019 — Present

**Engineering Tech Lead**

Jan 2023 — Present

- Maintained and deployed production infrastructure on AWS (Cloudformation, RDS, ECS Fargate, SQS/SNS, Glue)
- Led a newly assembled cross functional agile team to become one of the most productive and well rounded teams in the organization
- Integrated Kafka as our go-to event sourcing solution for some of our core business domains
- Info
- Info

**Backend Engineer**

May 2021 — Dec 2022

- Led the development of our first Scala 3 microservice, using Kafka to distribute data to our internal consumers
- Took ownership of maintaining and documenting a number of our team's Scala microservices ???
- Implemented and maintained backend APIs using Scala, Akka and Event Sourcing
- Maintained and migrated parts of our legacy Java (Spring) service
- Migrated ???
- Talked about our experience with Event Sourcing and Kafka in a Scala Vienna talk

**Junior Backend Engineer**

Sep 2019 — April 2021

skrrrr

- Built features on top of existing event sourced systems using Scala and the Akka toolkit
- Migrated an existing module to its own microservice running on AWS infrastructure (ECS, RDS, SQS)
- Familiarized myself with concepts such as Functional Programming, Event Sourcing, CQRS, Microservices, Actors and others
- Took part in designing and developing our initial customer report solution built on top of our AWS data pipeline (QuickSight, Athena, Glue)
- ???

**Flat Rock Technology** | Varna, Bulgaria

July 2018 — Aug 2019

**Junior Web Developer**

- Prototyped and deployed new full stack features in production apps using VueJS and React
- Designed and developed new backend API services in Laravel and Symfony
- Maintained and extended legacy Symfony, Django, and WordPress applications
- Implemented coding standards and best practices, such as DRY and SOLID
- Worked with clients on improving services, brainstorming new ideas and growing overall satisfaction

## EDUCATION

---

**Technical University of Varna**

Varna, Bulgaria

*BSc in Automation Engineering and Computer Systems*

2013 — 2020
